RE: Meeting with Resource Design Solutions, RDS 502 Mine, M/023/067, Juab County, Utah

Date of Meeting: June 4, 2001  
Location: Division Offices  
Time of Meeting: 2:30 p.m. - 3:00 p.m.  
Participants: George Finnegan, Resource Design Solutions; Tom Munson, DOGM

Purpose of Meeting: Mr. Finnegan submitted his Large Mine Plan

Mr. Finnegan submitted a Large Mine Plan (LMO), a geologic report of the deposit and also submitted Mr. Dunlop's resignation from Resource Design Solution, Inc. I told Mr. Finnegan that this would make him responsible for the permit. I also told him he would need to write us a letter to inform us of this change. (On June 5, 2001, the Division received a faxed letter documenting Mr. Dunlop's resignation and Mr. Finnegan's replacement as responsible party).

We also talked about Mr. Finnegan's desire to reclaim areas at the mine site. I told Mr. Finnegan that this was up to my supervisors and the BLM in Fillmore. He would have to clear this through both parties. I also informed him that this would not change the requirement for posting the bond money by the 12<sup>th</sup> of June. On June 5<sup>th</sup>, I talked to Larry Garahana of the Fillmore BLM and he stated that he had talked to Mr. Finnegan and told him he could do the reclamation but could not take any rock without buying from the BLM.
